

**Service Hour Record Form****Name:** \_\_\_\_\_

Please use this form to record all of your service opportunities for the current school year.

Type of Service	Date(s) of Service	Completed Hours	Signature of Service Coordinator

After you have completed your service hours for the school year, please type a 1 – 2 page summary of your service opportunities. Questions to consider as you type your paper:

1. What were your expectations of your service hour opportunities? How did your expectations influence the way you served?
2. What were some challenges of your service opportunities? How did you overcome them?
3. How did the recipients react to your service? How did that factor into your enjoyment of serving?
4. How did you personally and spiritually benefit from this service?
5. How may your service prepare you to serve beyond your time at Saxony Lutheran?
6. 1 Corinthians 12:4-6 talks about how we have different gifts but the same Spirit. In what ways did your gift of service help you show how Christ is in your life?

You will only need to write one paper for each school year. You will receive credit for your service hours once you turn in this record sheet and the typed summary of your service opportunities. When you are finished, you will need to turn it in to your religion teacher.
